Staff should note that unauthorised disclosure or transgression of the above statements will usually be a disciplinary matter.

## Responsibilities of Parents/Guardians

The school will inform the Parents/Guardians of the importance of the personal data the school uses and the importance of keeping this up to date. This process will include an annual data collection sheet (with the return of this document being recorded) and reminders in newsletters and at tutor or class meetings.

Other permissions will also be sought regarding matters of non-statutory use of personal data such as the use of images and names in publicity materials on induction or when required. The returns to these permissions will be recorded and exemptions communicated to staff.

Access to the data is called a Subject Access Request. Any person who wishes to exercise this right (or their parental right) should make a request in writing and submit it to the Principal or the Chair of Governors.

The School aims to comply with requests for access to personal information as quickly as possible and in accordance with advice from the ICO and other professional agencies.

### **Freedom of Information Requests**

Freedom of Information requests are requests from any member of the public about processes, policies and other non-personal information about the school. These requests will always be processed and the rights of individuals (within Data Processing Regulations) not to be identified respected while maintaining legal responsibilities within the Freedom of Information Act.

### **Data Breaches**
